I have just seen the play and it was amazing! I wanted to see it so much that I bought the tickets two months ago. The performances of the leading actor and actress were excellent. I took some photos of the cast afterwards. The child actor Boris stuck his tongue out in a photo. He was so funny and we all laughed.

I would like to thank all the audience for their support and our club for organising this play. This play was very special to me. It was the first time I played a leading role. I practised so hard that I sometimes said my lines when I was in my dream. I am so grateful to the director for the chance.

I saw the play yesterday and I liked it a lot. Although the plot of the play is based on a well-known story, the final scene still gave me a big surprise. The dresses and accessories the actresses wore looked extremely beautiful. Most importantly, all the performers were very professional.

I'm glad that many people like my play. I'd like to thank everyone for their efforts. I had to make a lot of difficult decisions when we rehearsed for the play, but it was still a wonderful experience. Out of all the plays that I've made, this is one of my favourites!
