Ending: Wish our friendship will last forever; Wish you all the best

Closing: Samuel

Part D (suggested answer):

Dear Ben,

You are generous and patient. Thank you for sharing your snacks with me. Also, thank you for your patience. When I have Maths problems, you answer my questions and help me solve the problems. Because of your help, I can make great progress in Maths.

Do you still remember we won the relay race on the last Sports Day? We were very excited when we stood on the winner's podium. I will never forget this good memory as we practised really hard.

Lastly, although we are going to study in different secondary schools, I am sure our friendship will last forever. Wish you all the best!

Best,

Samuel
