Part 2

Annie is reading a news article.

Read the news article.

Bright 8-Year-Old Student Shines at School by Cassie Lau		
5	A clever student, Oscar Lam, is the youngest boy ever to have entered Secondary One in his secondary school, Elite School.	20
10	Oscar, aged only eight, has a brilliant mind and is able to solve very difficult mathematical problems. He can also speak five languages fluently, including French and Spanish.	25
15	Oscar's parents discovered their son's talents when he was in kindergarten. At the age of four, he could already solve puzzles and mathematical problems that even his father did not know how to work out.	30
	In Primary One, Oscar's school principal thought he should	35
	have gone to secondary school instead. Worrying that Oscar might have a hard time fitting in at a secondary school, his parents thought Oscar should have tried to study in primary school for a year. However, Oscar found it boring and had problems paying attention in class. His parents therefore decided to allow Oscar to study in a secondary school.	
	Dr Terry Ko, the Head of the Hong Kong Association of Gifted Children, said Oscar might not be able to make friends with classmates who were a lot older than him in the secondary school. Hence, it is important for the school to ensure Oscar can fit in with his classmates.	

Choose the best answer by blackening the circle.

1. What is the article about?
 - A. a clever young boy
 - B. a secondary school
 - C. Secondary One students
 - D. parents of a clever boy

2. Which of the following is Oscar **NOT** able to do?

- A. solve puzzles B. solve mathematical problems
 C. speak six languages D. study at a secondary school

3. Oscar's parents first knew Oscar was clever when _____.

- A. he was four years old
 B. he studied in Primary One
 C. he learnt Spanish
 D. he entered secondary school

4. Why were Oscar's parents worried about Oscar going to secondary school?

- A. Oscar might miss his primary school.
 B. Oscar might not do well in secondary school.
 C. Oscar might not like the lessons in secondary school.
 D. Oscar might find it difficult to get used to studying in secondary school.

5. Read lines 26 – 28: However, Oscar found it boring and had problems paying attention in class...

What does 'it' refer to?

- A. solving mathematical problems in class
 B. studying in Primary One
 C. learning French
 D. going to secondary school

6. According to Dr Terry Ko, what problem might Oscar have in the new school?

- A. He might find classes difficult.
 B. He might not be able to make friends in school.
 C. He might not pay attention in class.
 D. He might not have time to play.

Annie is reading the back cover of the book.

Read the back cover.

A book for countryside lovers...

The story is about Holly, a girl from Hong Kong who visits her aunt and uncle in the countryside. It is tough for Holly at first because she always enjoys the modern life in the city. Holly then learns to milk cows, look after sheep and grow strawberries. One day, Holly makes friends with a little boy on the farm. The boy takes Holly to a dangerous dark forest, where she meets the villains: the witch and her wicked foxes.

The book is an exciting adventure for children in the city. They will like the story about the mysterious village. It is also fun for readers who like nature and animals.

Part 4

Annie is writing a poem.

Read the poem.

Imagine

I sit at my school desk and close my eyes,
Imagining a place just for me.
Splish-splash, splish-splash,
I am walking along the blue sea.

The sun is on my back.
The breeze lifts my hair.
I smell the lovely flowers
And see butterflies flying in pairs.

I feel the cool waves on my feet.
The colourful birds are on the trees.
Chirp-chirp, chirp-chirp,
I hear a song about how sweet life is.

A girl is running with a dog,
Wearing a big smile on her face.
The dog is running faster and faster,
With its owner, it wants a race.

Ring-ring, ring-ring,
'Goodbye and thank you, Miss Cowley!'
I wake up from my daydream.
'You should pay attention in class, Annie!'
