## Part 2

*William is reading some articles on a page of the school magazine.*

Read the articles.

The Internet is a great invention. It is useful in many ways. You can find the information you want at your fingertips. You can share your views and opinions with people you do not know. You can also connect with your loved ones easily even when you are travelling abroad.

*Miss Flinders (NET teacher)*

5

Students may not know how to use the Internet correctly. If they can access the Internet during lessons, they will simply play online games and chat with friends all the time. They will never focus on what their teacher is saying.

*Yvonne Au (Class 6B)*

Some people say students should avoid using the Internet because they may waste too much time on it. However, the Internet can definitely help us learn if we use it wisely. We did a group project about pollution in Hong Kong recently. We gathered plenty of figures and data by only visiting a few websites. We also gave out online surveys by e-mail. The Internet saved us a lot of time!

### Part 3

*William wrote about his little brother's birthday.*

Read the writing.

<input type="radio"/>	28 July 20XX	Sunny
<input type="radio"/>	Little Samuel is turning five today. We decided to celebrate his birthday at Wonder Park.	
<input type="radio"/>	We all got up early in the morning and set off after breakfast. We got in Dad's car and arrived at the park at nine thirty. Little Samuel enjoyed taking photos with the cartoon characters, while I preferred going on different rides, especially Magic Carpet and Crazy Sailboat. Both Little Samuel and I were very excited.	5
<input type="radio"/>	At noon, the sun was shining like a fireball so Dad suggested having lunch at an air-conditioned restaurant. We had fried noodles, barbecued pork and wontons. Little Samuel has a sweet tooth — therefore Mum ordered a dessert for him. Dad ordered a special drink for me with an ice cream on its top. I could hear it fizz when I drank it.	10
<input type="radio"/>	In the afternoon, we watched a funny drama show at Cartoon Theatre. After that, Mum chose a gift for Little Samuel at the souvenir shop, but she had to wait in a long queue at the cashier. The park was full of visitors so it was very crowded. We left as soon as we finished watching the Great Character Parade.	15
<input type="radio"/>	Little Samuel was very happy. There was a big smile on his face the whole day!	20

## Part 4

*William is reading an article.*

Read the **first part** of the article. Answer Questions 1 – 6.

### The Importance of Drinking Enough Water

60% of the human body is made up of water. A person dies if he or she does not have water to drink for more than a few days. It is because our bodies need water to do lots of important jobs. For example, we need water to regulate body temperatures and deliver oxygen. We need water to digest food and get rid of waste, too.

5

Drinking water is important to our health. However, many children now prefer sweet drinks like soft drinks and energy drinks to water. Some of them do not even drink pure water at all.

Without enough water, our bodies may not be able to work properly. Also, our thinking ability will be affected. Therefore, drinking water every day regularly is the key to a healthy life.

Read the **second part** of the article. Answer Questions 7 – 12.

Children should drink about 10 glasses of water every day. Our bodies need more water when we are out in warm weather, especially after doing physical activities. We may also drink soup, milk or other healthy liquids which are sugar-free and low in calories.

Here are some practical tips:

1. Drink some water after having a snack or a meal.
2. Wherever you go, bring along a bottle of water.
3. Add a slice of lime or lemon in the water to improve its taste.

5

7. According to the writer, under which situation do our bodies need more water?

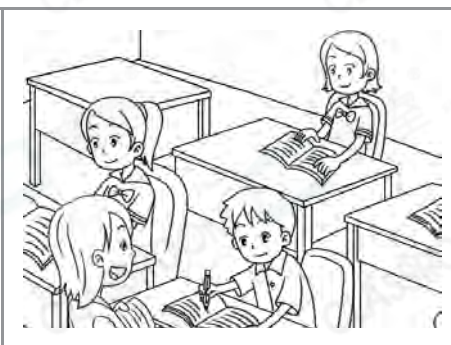

A.

B.

C.

D.
