Subject: I miss you!

Hi Ellie,

How are you? I still can't believe that you moved to Hong Kong three years ago. Time flies. I **miss** you a lot. Is it very cold there right now? It is very **foggy** here in England.

I know that it's Chinese New Year next week. Do you have a long holiday for the festival? In England, we don't have days off for Chinese New Year but my mum told me that in Hong Kong you do. Would you come back at Easter for a visit? It would be great to see you!

Just like you, every morning I need to get up early so that I can catch the school bus. My class teacher this year is Mr Walker. He teaches us Maths, English and some Science subjects. He likes to tell jokes too. He is so funny! I like his classes very much!

After school, I usually play in the playground with my friends. I don't have much homework so I can **spend** more time with them and do different outdoor activities. Mum told me that in Hong Kong, students have a lot of schoolwork every day and they go to **tutorial classes**. I hope you are doing well.

I took many photos during my winter **break**. Let me share **them** with you next time! Please write soon.

Yours,
Julie
