The Dancing Queen and the Magical Puppy

Long time ago, there was a queen living in a beautiful castle. She liked dancing very much. However, she never smiled because she did not have any friends.

One day, when the queen was dancing in the snow in the garden, a little dog suddenly appeared. The queen was angry and used a big broom to make the puppy go away. At that time, the poor animal talked to her, 'Hey! Stop! I can talk. I can dance with you. I can do almost anything for you.' The queen was surprised.

That day, the magical puppy danced with the queen. Then, it helped her with the housework in the castle. After that, they talked a lot and the queen smiled.

The king was very happy because the queen was cheerful. The king gave the puppy a lot of delicious food as a reward.
