Yesterday, my friend Joe and I went to the mall. We took the escalator to go up. It moved slowly. We didn't want to wait, so we climbed the steps on the escalator.

When I walked up, I lost my balance. I almost fell down the escalator. I was really scared and I screamed. Luckily, Joe held my arm quickly. We learnt that it is dangerous to walk up the escalator. We won't do that again next time.

Yesterday, my friend Joe and I went to the mall to buy some toys. We wanted to go to the toy shop on the sixth floor. But there were too many people waiting for the lifts, so we took the escalator. We were impatient as it moved as slow as a snail. We decided to climb the steps on the escalator.

While I was walking up, I suddenly lost my balance and almost fell down the escalator. I was really scared so I screamed loudly. Everyone looked at me in shock. Luckily, Joe held my arm quickly. We learnt that we should stand still on a moving escalator. We won't do that again next time.

Elaborations on the setting and characters are given to describe the situation in detail.

A comment is given in the end to reflect on what you did wrongly and what you should do next time.
