### Ice Hotel—a new holiday experience

What do you think of eating at an ice table and sleeping on an ice bed? Staying at an ice hotel is sure to make you feel excited.

There are many ice hotels around the world. You can find them in cold countries like Canada, Norway and Sweden. People build new ice hotels every winter. The walls, the beds—everything inside the hotels—are made of ice!

But don't worry! They put thick animal furs on the beds and chairs. You can still have a nice sleep there.

Ice hotels are good places to go in the winter. Why not visit one for your next holiday?
