

## Read the letter.

Dear Santa Claus,

How are you? I have a wish. I want to have a computer, and then I can learn better. My family is poor so I cannot buy one. Please make my wish come true.

I am now a Primary 3 student. On the day before the new school year started, Dad told me, 'If you listen carefully in class and do your homework right away after getting home, Santa Claus will give you a big gift this Christmas.' I worked hard and did it. Both Dad and Mum were very happy.

It never snows in Hong Kong. I don't understand how you can ride on your sleigh and bring me the gift. But Mum told me not to worry because you are very smart. Here is my address. I hope to see you soon. Thank you so much!

With love,  
Ricky

## Test your understanding.
