

Read the brochure.

Two different pictures: North and South

Okinawa - The blue picture

Okinawa is a group of islands in the south of Japan. It is warmer than most other places in Japan. There are warm sunshine, beautiful flowers, and most of all, white beaches. Why not spend a cool summer there?

Hokkaido - The white picture

Hokkaido, the second largest island in Japan, is in the north. Snow falls in winter. Be sure to try skiing. The summer is wonderful too. The cool wind makes it a great place to go camping. The famous lavender smells very good!

Come on over! Enjoy the nature of Japan!

Test your understanding.
