

Read the map.

There are many beautiful places in the world. In these places, you can see the wonderful nature.

Mount Everest
It is the highest mountain in the world. It is higher than Mount Elbrus in Europe. Its peak is 8,848 metres above the sea level.

The Grand Canyon
It is an area with rocks of fantastic shapes. The rocks were cut by the river many years ago.

The Great Barrier Reef
It is a collection of colourful corals underwater. The corals are home for many different types of fish.
