Anna's Blog

**14 September**  
We have a new classmate today. Her name is Mala. She has big eyes and brown skin. Miss Fu told us that Mala is from India. John, who sat next to me, said quietly, 'She looks like chocolate! Haha!' I think John was rude.

**10 October**  
Mala sits next to me. She is quiet most of the time because she does not speak much Cantonese. Mala's English is good. I talked to her at recess. She talked about some interesting things in India. I think Mala is amusing.

**11 November**  
Mala wanted to join some classmates for a badminton game today, but they pushed Mala and she fell. I helped her at once. Miss Fu saw what happened and told the classmates to be friendly to Mala. The classmates said sorry to Mala.

**21 December**  
I invited Mala to my home. We played with dolls and it was fun! Alex asked Mala about his English homework. Mala answered all his questions. She is really smart.

## Test your understanding.

1. By reading the diary entries, people know \_\_\_\_\_.
