Subject:	Fun in England!

Dear Mum,

How are you? I am enjoying my study tour in England. It is a lovely country. The people here are very friendly. There are many famous old buildings. They are very different from those in Hong Kong. I visited Buckingham Palace and Windsor Castle in a guided tour last week. They are magnificent!

On weekday mornings, we learn English in fun ways, such as role-playing in a short drama, singing folk songs and playing card games. In the afternoons, we visit different places. There are a lot of great museums in London. I think the Science Museum is the best. I learn so much from the exhibitions.

I have made many new friends, including students from South Korea, Japan and Italy. I have learnt a lot about their cultures. It is an unforgettable experience!

I am going to the Tower of London tomorrow. I have so much to tell you but I have to go now. I miss you! Pass my greetings to Dad.

Love,
Derek

I couldn't believe that I have already returned to Hong Kong. I was so lucky to join the study tour in Osaka to learn Japanese. I made a lot of new friends from countries such as Spain, Singapore and the US. They were all friendly and we always chatted after class.

During the tour, I stayed with a local family. The family was very nice to me. They cooked delicious Japanese food for me and taught me funny Japanese words. When I left, they made me some models using origami paper. They said that the models would bring me good luck. I was so touched!

At weekends, I travelled around Japan with my friends. It was fun. We enjoyed the scenery very much. We visited Japanese temples called shrines. We also went to a large theme park and tried many amusement rides. I even walked along the streets in a traditional Japanese costume! How amazing! I bought some tea for Mum and a pair of nice chopsticks for Dad. I got some Japanese snacks for my friends too.

It's so good to be at home again! I came back last Saturday from a two-week study tour in Paris. Before the trip, I was very excited about learning French in the city, but I started to get homesick once I arrived there.

I stayed in a single room in a dormitory. I didn't like it because I had no one to talk to. I felt lonely. I couldn't sleep well either, because the bed was much less comfortable than the one at home.

It was freezing cold, so I was often late for school. I felt sleepy most of the time. I wanted to have hotpot to keep myself warm, but all we ate was bread or pasta. It was so boring! I wish Mum were there to cook Chinese dishes for me.

I also had problems talking with local people. They spoke French really fast. It was difficult to understand what they said. Many of the students in the tour spoke French well, but they didn't help me when I ran into problems.

I hope I'll have a much better experience in my next study tour.
