## Getting Lost in a Shopping Mall

When Mum was looking at the boots, I saw a red robot in the shop window of an opposite toy shop. 'It's a new model,' said a shopkeeper. I was attracted by it and didn't notice that Mum walked away. When I turned around, I couldn't see her. I was worried! I asked the shopkeeper for help. He then lent me his mobile phone to call Mum. Finally, I found her in the shoe shop. I held her hand tightly so that I wouldn't get lost again!
