Subject: My Sisters and Their Pets

Dear Edward,

How are you? I've got something funny about my two little sisters to share with you.

One day, my sister, Sarah, found a dog near our building. She named the dog Lucky. Every time she sees Lucky, she runs to him and pets him gently. The dog loves her too. Even though Lucky is a stray dog, she wants to **keep** him as a pet.

However, my other sister, Mary, hates dogs. She screams when she sees dogs because she thinks they like biting people. However, Mary loves cats. Our neighbour has just got a kitten, which is named Kitty. Mary holds Kitty in her arms whenever she sees **her**.

On the other hand, Sarah hates cats. She doesn't like them because she thinks they like scratching people with their claws.

I find it funny that both Sarah and Mary love one kind of animal and hate the other. I thought that they would like all kinds of animals since they like one kind of animal. However, I was wrong.

Hope to hear from you soon.

With love,

Penny
