

John is reading a magazine article about how to spend money.

**Kids' Monthly**

November Issue

## Things you **need** or Things you **want**?

Think before you buy

by Katie Yeung

### Things you need

Every day, we need to eat and drink. When you are thirsty, you need a glass of water. When you are hungry, you need some bread.

### Things you want

Your classmate has a beautiful school bag. You want to have one too but your school bag still looks new. This is what you want but not what you need.

### Who pays for what you want?

When you go shopping, you want a new toy. **Your parents work around the clock** to make money. Is the toy a must-buy item?

### Save your pocket money

Keep your pocket money and give some to help the people in need. This can make you feel happy!
