 Topic: *Tell me about a memorable birthday party*

My birthday is coming. Mum and Dad are going to hold a mini party for me and my twin sister, Elsa next week. We are going to play games with friends on that day. I am so looking forward to it! Can you tell me how your memorable birthday party is like?

My cousin from England had one in a theme park last year. It was very special. We had a yummy lunch buffet. The cartoon characters came to wish him a happy birthday and took photos with us.

I've never had a memorable birthday party because my parents are always busy with work. Usually, we just have a birthday cake at home. I hope I can have a special birthday party too...

I also had fun with my school friends on my birthday last month. They wrote cards to me and gave me lovely stationery. I enjoy friendship like this. And cheer up, Frank. I think we don't need to buy expensive presents or go to some special places to celebrate birthday. I feel happy when I stay with my family and friends!
