## Reading is fun!

by Ivy Chan

It is always fun to read. You can enjoy the time surrounded by books. Some people go shopping, watch movies or do sports to relax. For me, reading is the moment that I feel the most relaxed. I visit the library near my home at least twice a week.

## Ways to enjoy reading

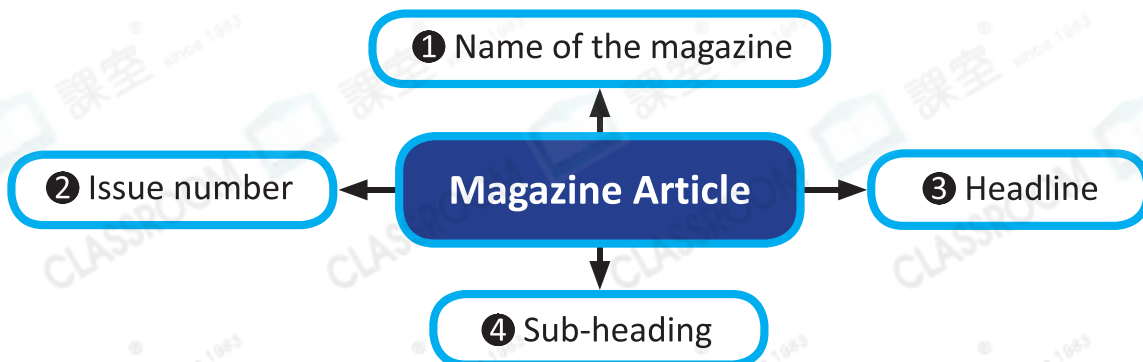

There are different ways to make self-reading time fun. Here are some of the suggestions:

- Set up a nice environment to read. It will be good to have cushions so that you can lean on them for relaxation.
- Make sure it is bright enough when you read. Stay indoors with gentle sunray.
- Play some light music and turn the volume to the level that you won't feel disturbed.

I hope you will enjoy self-reading with the suggestions above.
