**Topic: Bad experience in KK Restaurant**

My family and I went to KK Restaurant in To Kwa Wan yesterday. It was a bad experience. The food there was disgusting. The salad turned sour and the soup noodles were cold. The grilled ribs were too hard to chew. 😞

I went to KK Restaurant with my friend last Saturday. I chose to go there because it guarantees good food. It is usually clean and fresh. However, it was different the last time. There was a fly in my friend's spaghetti! We lost our appetite immediately!

I am not going to this restaurant again! It was a nasty experience! The service was absolutely horrible! We had to wait for an hour before we had something to eat!

**Same here!** The waiters there were impolite. They did not take the order with care and blamed us for making them confused. Then we complained to the manager there but we found that his attitude was the same!
