What do you love and hate about Hong Kong?

5 After joining the Sports Club this afternoon, I took the MTR home. The compartment was jam-packed. Passengers of the next station couldn't get on the train. An old lady with a stick got on but nobody gave his or her seat to her. Some pretended that they were sleeping. I felt so angry. Is it that difficult for some people to offer a helping hand?

10 It's not the first time! People can be so inconsiderate! People seldom offer their seats to me even if they see me with a huge tummy. I think Hong Kong people are getting more and more selfish!

15 I don't think all people behave in this way. Whenever I travel with my two young kids, people always give me their seats on the bus. What I dislike more is that people put their luggage or feet on the seats. That is really rude.

Yeah, **that** can be so annoying! Also, some people talk loudly on their mobile phones. I really don't want to hear their private conversations. If only I could shut my ears!
