

Vicky is reading a poem about green life.

## Live a Green Life

When you see me don't walk by  
 Put your waste in me don't be shy  
 My blue, brown and yellow bins gobble up all  
 5 Things for recycling – big or small

Set up a herb garden by the window sill  
 Easy and fresh – it takes no skill  
 Basil or thyme for that added taste  
 Ready at every meal, never go to waste

10 Trees are bleeding at our every use  
 It's time to reduce paper abuse  
 Reuse whenever possible – that's a good sign  
 Use a whiteboard and pay your bills online

15 How about this for a bit of fun  
 Collect rainwater when there is no sun  
 Use it to water household plants and clean  
 Watch the world spring back to life – you can be a Green Queen!
