10 **Oscar Leung P.5E**

At first, I didn't want to join the camp but my mum asked me to do so. I almost cried on the first day. Unexpectedly, I had a lot of fun. I learnt how to take care of myself even my mum was not with me. Now, I am looking forward to the summer camp next year!

Angie Tso P.6A

I enjoyed the camp so much. Rock climbing was the biggest challenge for me because I am afraid of height. Yet, when I finished the task, I felt so proud of myself. It made me understand that we should be brave to try something new. I am also glad that my friends supported me when I felt scared.

35 **James Ma P.5C**

I like outdoor activities so I did not hesitate to join the camp. However, I felt upset when I had argument with others. Thanks to Mr Lam, although my teammates and I did not have the same opinion at first, we learnt how to communicate better. I think every student should join the camp because you can really gain a lot!

1. Circle the name of the newsletter.

2. Underline what the newsletter is about.

Date:

A Choose the best answer by blackening the circle.

1. How often is the newsletter published?
- A. once a week B. once a month
