

Grace is reading a poster about donating things.

GREEN LIVING CENTRE DONATION DAY

Give Things a Second Life!

The problem of pollution is getting more and more serious nowadays. To save the environment, there are a few things we can do every day: **Reduce**, **Reuse**, **Recycle**. We can renew old things to make them look new again. After that, we can donate them to people in need. Sometimes, things can become more interesting and good-looking than they were before!

Whenever we reduce, recycle or reuse old things, we are helping our earth! We'd like to invite you all to join this meaningful event!

Join Our Donation Day!
