INTERVIEWING A WHITE ANGEL

Many of us have a dream job. Today we have invited a nurse, Elsa Chan, to talk about her job with us. She has become well-known since she joined the reality show, *The White Angel*, two months ago.

5 R = Reporter E = Elsa

R: Hi, Elsa. We know you've been a nurse for two years. Why do you want to be a nurse?

E: When I was six, I broke my arm and stayed in hospital for almost two months. During that period, the nurses there took very good care of me so I felt less nervous about the injections and operations. Then, I
10 decide to be a nurse because I want to help others like they did.

R: What do you enjoy most about your job?

E: When a patient gets better under my care, I feel that all my hard work pays off.

15 R: Have you come across any difficulties?

E: Some patients have a really bad temper. They feel **anxious** about staying in hospital because they don't know when they can recover. Therefore, I always try my best to ease their pain.

R: Why did you join *The White Angel*?

20 E: I thought it would be a valuable experience to work with other medical professionals. I also wanted to show the public the real scenes in a hospital instead of those in TV dramas.

R: I see. What would you like to tell the younger generation?

E: Never give up and work hard for your dreams. Insist on your hope!
