Grade:

Common Mistakes (Questions)

We use the question word 'How' with different adjectives or adverbs to ask for different information.

e.g. How often do you watch a film? I watch a film every Saturday.
(to ask about frequency)

e.g. How heavy is May's handbag? It's 4 kilograms.
(to ask about weights of people and things)

e.g. How long is the jogging path? It's 10 kilometres (long).
(to ask about lengths of things)

e.g. How tall is Mr Chau? He is 1.8 metres (tall).
(to ask about heights of people, animals, plants and buildings)

e.g. How high is the wall over there? It's 1.5 metres (high).
(to ask about heights of mountains and walls)

A Circle the correct answers.

- How long / How often does your sister go swimming? Twice a week.
- How heavy / How long is the table? It's about 40 kg.
- How high / How tall is the tree? It's about 5 metres.

be good for be bad for

ought to

Hello everyone, welcome back to *Dr Locke Talks*. Five minutes ago, you watched the story of Jimmy. Do you have the similar habits as he does?

Jimmy only does judo **e.g.** twice a month (✓✓ / month) and plays video games all the time. Playing video games is fun but it **1** _____ your vision. You **2** _____ (spend) less time on them. Instead, you **3** _____ (do) more exercise because it **4** _____ you. Children should exercise at least **5** _____ (✓✓✓ / week). Then you will be healthier.

He doesn't have any vegetables all day. Vegetables **6** _____ you so you **7** _____ (eat) more of them. Before going to bed, he doesn't shower or brush his teeth. His hair and teeth are very dirty. You must shower **8** _____ (✓ / day) and brush your teeth **9** _____ (✓✓ / day) to keep yourselves clean. You **10** _____ (wash) away germs because they **11** _____ your bodies.

Jimmy is a bad example. I hope you can be healthy and clean children. You **12** _____ (correct) your bad habits. That's it for today. See you next time.
