

Easy DIY Toys

Thinking about what to do in your free time? Why not make your own toys at home? It's easy and fun!

Shining Slime

1. Put 30 ml saline solution, 1 tablespoon of baking powder and some warm water together in a big bowl.
2. Pour 300 ml glue into the bowl.
3. Add some glitter so that the slime shines and looks beautiful under the light!
4. Stir all the five things well. Knead the slime for many times to make it firm.

A Replace each underlined word with ONE word from the text.

1. You need four things to make the shining slime.

2. To make the slime soft, you need to knead it for many times.

3. You have to put a small ball in the bottle top of the mini catapult.

4. You can press the lower stick of the mini catapult to play a shooting game.

Mini Catapult

1. Tie six lolly sticks with rubber bands on both sides. Now you have a bundle of sticks.
2. Tie two lolly sticks with a rubber band at only one end.
3. Tie the bundle of sticks between the two sticks.
4. Stick a bottle cap at the other end of the upper stick.
5. Put a small ball in the cap.
6. Now press and release the upper stick. Try to shoot the ball far!

STEAM Highlights

What gives colours to the shining slime? (Find the answer from the text and check it on P.72.)

B Look at the pictures. Play the ghost leg game and rearrange the letters to form the correct words.
