## Merry Park in Tokyo

Besides the summer activities, we now have some winter activities for you to play with real snow!

You can build snowmen and have snowball fights here. If you think they are not exciting, you can ski or ride on sleds down the hill!

Every night, people can watch the light show at the Ice Sculpture Square. The ice sculptures look beautiful in colourful lights. There are restaurants near the square. You can enjoy all kinds of food, such as hotpot and ramen there. Of course, we have seafood too.

*Come and join the new winter activities from December to February!*
