### Lifelong Friends

By Grace Robertson

★★★★★ (5/5)

Director: Wesley Norton

Stars: Kevin Jones, Yvonne Brown

Category: IIA Running Time: 110 mins

Ron and Harriet are from different family backgrounds. Ron comes from a broken family. His mum is dead and his dad is in prison. He lives with his aunt in a suburb of America. Harriet lives next door to Ron. Although she has a complete family, she doesn't think she really has. Her parents always go on business trips for months and leave her with the housekeeper. Ron and Harriet meet and do not get on with each other at first. As the story unfolds, their friendship starts to **blossom** and they become lifelong friends in the end.

Although this film was the two main actors' first attempt in the film industry, they did a fabulous job. I enjoyed watching this film because the scenes filmed near the lakes in Canada were simply breathtaking! A must-see film this Easter!
