My Book Report

by Connie Siu

Title: The Super Trio

Author: James Bowman

What is the book about?

Steve, Daniel and Kenny are good at Science. The three smart boys create a rocket that can fly them to space. During their space exploration, they discover that an unknown alien race is planning to invade the Earth. Then, they put on spacesuits and take on the mission to save their planet. They encounter some helpful and righteous aliens. With their help, the boys eventually stop the attack and become the heroes to mankind!

What did you like about the book?

My favourite part of the book was when the boys decided to save the Earth and transformed themselves into space boys! It was exciting. I also liked the ending. It moved me to tears when the boys had to wave goodbye to their alien friends.

Do you have other comments about the book?

This book was gripping and I could not stop reading it. Some parts of it might be frightening for very young readers, such as the part when the boys got trapped on an isolated planet. However, you will definitely like the book if you are fond of adventure stories!
