## Exercise

Listen to Track 8

Nick is listening to a radio programme about growing plants. Listen carefully. Circle the correct answers for Questions 1-8.

### How to grow plants at home

What are important for plants? (1) – (2)  
(Please circle two answers.)

- animals / wind / sunlight / water / sugar

What do plants eat? (3) – (4)  
(Please circle the correct answers.)

- Plants use water / sunlight to make food / snacks inside themselves.

How can they grow well? (5) – (7)  
(Please circle the correct answers.)

• **Cacti:**

They like the cool / hot , dry / wet and rainy / sunny weather.

• **Sunflowers:**

They need a lot of sunlight to grow.

### Watering (8)

(Please circle the correct answer.)

• **Sunflowers:**

- Water the seedlings every day / week
- Water the fully-grown plants once a week

• **Cacti:**

- Water them once every 7-10 days in summer
- Water them once every few weeks in winter
