June Issue

What to Do in the Summer Holiday?

The summer holiday is coming! What is your **plan** for July and August? Look at what students **plan** to do in their summer holiday!

Classes students plan to join in the summer holiday

What do students think about their summer activities? Let's find out!

Felix, 1B

The **cooking class** sounds fun! We can learn how to make different dishes, such as sushi and pizza. It starts at 11 am, so I can eat the food for lunch. I **hope** I can cook for my family this summer!

My mum asks me to join the **Maths class**, but I don't like it. First, I want to take a **rest** in the summer holiday. Also, it is a morning class so I have to wake up early! I like the **drawing class** better!

Mandy, 3D
