Smart Shopkeeper

There are many bags of rice for sale in the Happy Grocery Shop. The shopkeeper decides to hold a lucky draw on the shop's Celebration Day.

Happy Grocery Shop

Celebration Day Discount

Lucky Draw

★ The first 88 customers who buy 1 or more bags of rice can have a lucky draw.

First prize : 10 

Second prize : 5 

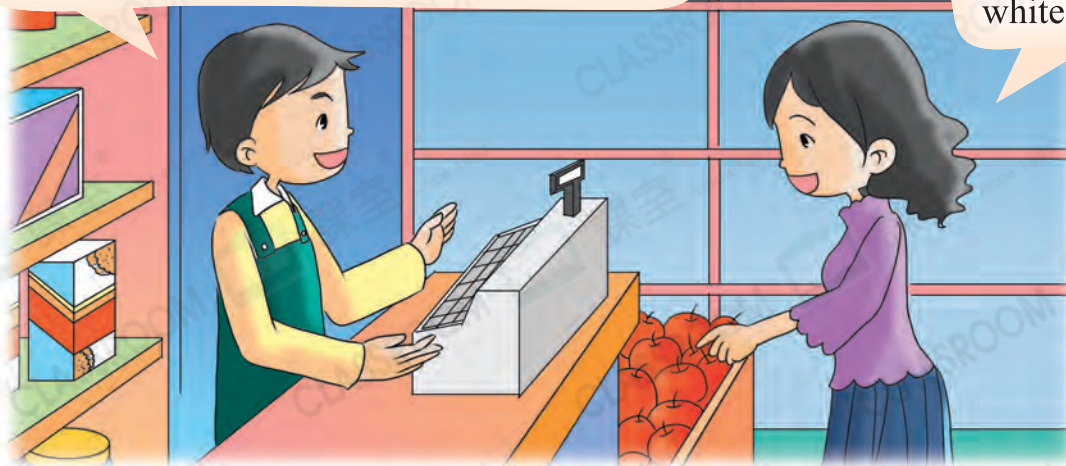

Third prize : 2 

Fourth prize : 1 

Mrs. Lee goes to the Happy Grocery Shop to buy rice on the Celebration Day.

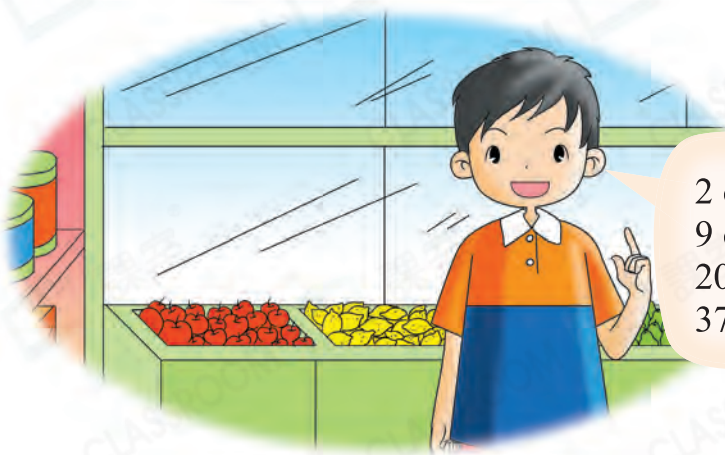

You are the 81st customer today. You can have a lucky draw if you buy a bag of rice.

Great! I'd like to buy a bag of white rice!

Many customers are attracted to buy rice on that day. The shopkeeper is very happy. He asks his son to count the customers winning the prizes.

2 customers win the first prize,
9 customers win the second prize,
20 customers win the third prize and
37 customers win the fourth prize.
