## MODULE 4 Nature, Animals, Science and Environment

In this module, you will:

### WATCH

videos about our connections with animals and the natural world.

### READ

about how our choices can impact other people, animals and the environment.

### MASTER

the two targeted reading strategies:

1. Distinguishing facts from opinion
2. Making inferences

## Pre-reading

- A** Think about how we can minimise our impact on other people, animals, and the environment.

Complete the table by filling in the letters (A–D) in the following categories.

- A. Consider animal welfare when consuming meat
- B. Buy cocoa products that are not sourced through fair-trade methods
- C. Treat animals with care and compassion
- D. Underestimate the intelligence of birds and their remarkable abilities

Dos	Don'ts

- B** Think and discuss the questions.

1. Do you think that animals are intelligent?
2. How can we teach respect for animals?
