MODULE 5 Technology

In this module, you will:

WATCH

videos about some technological achievements.

READ

about some technological advances and their effects on our lives.

MASTER

the two targeted reading strategies:

1. Understanding the purposes and wider meaning of a text
2. Evaluating views and attitudes

18

19

20

Pre-reading

A Look at the pictures. What do you see?

How does technology change our lives?

Complete the table by filling in the letters (A–F) in the correct categories.

- A. increasing productivity and efficiency
- B. opening up new sources of resources
- C. exposing humans to new identity risks
- D. enabling immersive interactive experiences
- E. improving the quality of life
- F. causing humans' over-reliance on technology

Benefit	Drawback

B Think and discuss the questions.

1. What changes would you like to see technology brings to the world?
2. Has technology made us lazy?
