Joyce: Louis, Mum caught a cold. She is sleeping now.

Louis: Mum takes care of us every day. It's time for us to take care of her.

Joyce: Yes, but what can we do?

Louis: When Mum wakes up, we can bring her some water and medicine.

Joyce: Mum didn't eat anything in the morning. I'll make her a sandwich.

Louis: Good idea. Mum doesn't like cold food. Let's heat the sandwich in the microwave. She does the housework every day. Let's do the housework for her today.

Joyce: I can wash the dishes. I helped Mum with it yesterday.

Louis: The floor is dirty. I can clean it with a mop.

Joyce: Oh, remember to use a broom to sweep away the dust. So what can we do with those dirty clothes?

Louis: I know how to use a washing machine. Let me take care of them.

Joyce: Oh, I don't know how Mum can do all the housework on her own.

Louis: We have to help her every day from now on!
