### Unit 20 Rethinking the future of work (p.159)

#### Your dream job

Write an article of about 180 words to share about your dream job.

Like most people of my age, I would like to land a fulfilling job in the future. I want a job that doesn't just **fill my wallet** but also fulfils me **spiritually**.

Ever since I was a kid, I have always loved nature. I remember when my dad hiked with me, I saw butterflies fluttering around me. I asked my dad for his smartphone me and managed to capture a very **blurry** picture of them. That, I suppose, was when my love for nature photography was born.

I love being out in nature, I love the freedom of it, and I love to **document** the beauty of all of its **inhabitants**. I have taken pictures of birds too. However, I am aware that I need to **up my camera skills** if I seriously want to become a **professional** photographer. To make this happen, I'll continue to explore, learn, and capture the magic of nature **through my lens**.
