### Unit 7 Get your foot in the door (p.61)

Are you interested in working in the Greater Bay Area? Why or why not?

Write an article to express your views in about 200 words.

With the rapid development of the Greater Bay Area, many young and talented people are interested in working in this area. As for me, I would also like to work in this **promising** place.

First off, there are abundant job opportunities in the Greater Bay Area. In recent years, the number of job openings in this area has been growing continuously due to the completion of the rail and transport links of the Greater Bay Area and the **influx** of **reputable** businesses. Talent is **in high demand** across many areas, including banking, new energy, and research and technology.

Also, the Greater Bay Area has a structure for employment policy that is always improving. The area has achieved high levels of openness and economic activity thanks to supportive national policies. The **integration** of some of the top cities in the country into a single economic zone has created new opportunities for **collaboration** across borders.

The government has introduced relevant **policies** to encourage young people to actively **seek employment** and start businesses in this **thriving** region, and has consistently improved relevant policy systems **in a targeted way**.

I am interested in working in the Greater Bay Area because there is not only assistance from policymakers, but also long-term and stable employment possibilities and a supportive **entrepreneurial** climate.
